To Whom It May Concern

Re: Letter of Recommendation for Hayman Construction Inc.

Please accept this letter as our recommendation for Hayman Construction Inc. based on their work building our new LiUNA Local 1059 Training Centre in London.

We hired Hayman Construction as Construction Managers to renovate a former industrial plant to become a new facility for our members. The finished project consists of a Training Centre, Boardroom, Classrooms, Office Space and Wellness Centre, which provides our members with Dental, Optical and Chiropractic services.

We are very pleased with the work Hayman Construction performed on this \$4.5 million project, and are happy to recommend them to anyone wanting quality construction services performed in a cooperative manner.

Sincerely,
